Level One Emergency Responder: Tools

Objectives

Overview of Tools and Capabilities

Working Knowledge Of

- PRT Level One/Level Two Curriculum Discs
- Table Top Exercise Support Tool (TTX ST)
- ENGLink
- RAP and CERAP Programs
- Deployable Tactical Operations System (DTOS)
- Mission Guides
- Advance Contract Initiative (ACI) Contracts
- Standard Operating Procedures (SOPs)
- Field Operation Guides (FOGs)
- Workshop Collaboration Tool (WCT)
- Training and RAP

Tools and Capabilities (Civil)

PRT Level One/Level Two Curriculum Discs
- Awareness and Task Specific Training

Professional Curriculum (TL, ATL, LGL, SME)

Table Top Exercise Support Tool (TTX ST)

ENGLink

RAP and CERAP

DTOS

Mission Guides

ACI Contracts

Training and RAP Web sites (RSC-TEECA/CERAP)

SOPs and FOGs
- Debris QA Guide
- Temporary Roofing Self-Help Guide

Tools and Capabilities (Military)

FFE Level One/Level Two Curriculum Discs

TTX ST

Centers of Expertise (CX)

Reachback Center EI2RC

ERDC-TEOC

Field Force Engineering Web Site

USACE Support to the War Fighter Web Site

FFE Equipment

- IKE/GATER
- BGAN
- ARRK
- TCE-D

PRT Level One/ Level Two Discs

Level One Training

- DHS-mandated training
- USACE Concept of Operations Training
- Baseline awareness courses required by National Incident Management System
- Assessments tracked by the RSC to certify and credential responders

Level Two Training

- Task-specific training
- Presents information Corps responders need to perform tasks in emergency situations
- Training assessments tracked by the RSC and contribute to certification and readiness status of all team members

Professional Curriculum

Level One Certification

Professional-Level Standards Completed for

- EMs
  - TLs
  - ATLs
  - SMEs

Annual workshops to Nominate, Assess, and Elevate Candidates to ESF #3 Leadership

Table Top Exercise Support (TTX ST)

Scalable, Multimedia Exercise Support Tool

- Operational overview
- Action scenario

Sub-Units for High Fidelity Learning Environment and Common Operating Pictu

- Introduction and Goals
- Geography
- Terrain
- Disasters in Specific Regior
- Capacity
- Limitations
- Organizational Structure

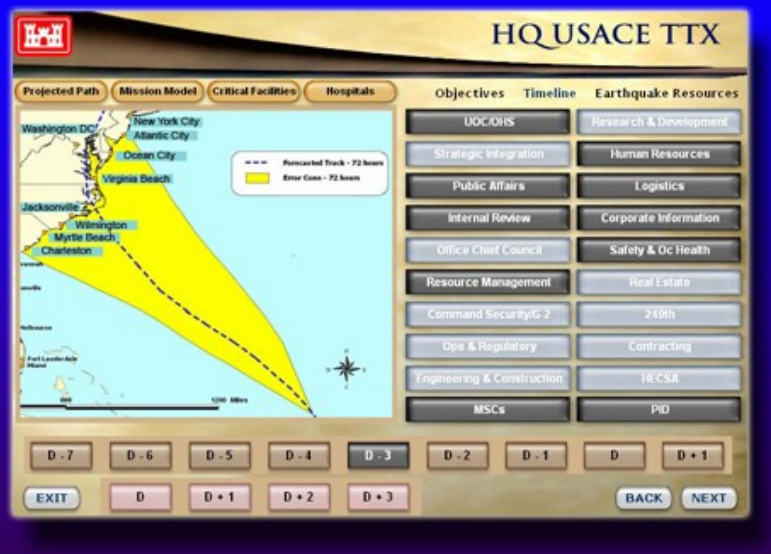

Table Top Exercise Support (TTX ST)

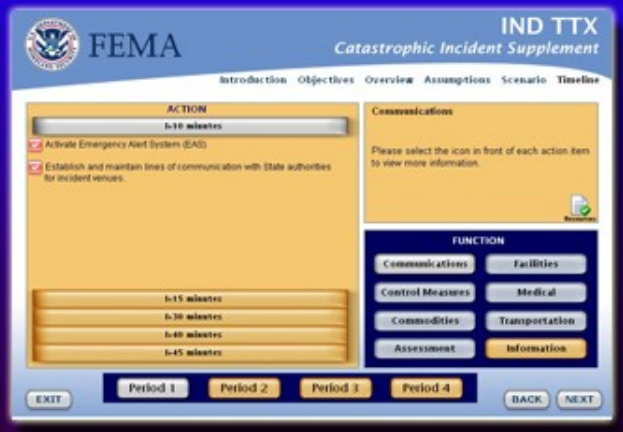
Essential Elements

- Simulated scenario
- Simulated time
- Simulated participant location
- Simulated communication

Currently, RSC Produced/Maintains Scenario-Driven Events for 30+ Different Disasters



What is ENGLink?

Automated Information System (AIS)

Real-Time Information

Single Data Entry Point

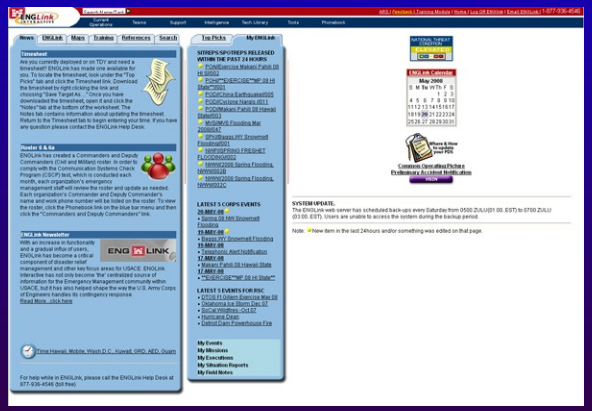
Command and Control Framework for Information Processing

Standard Browser Access over Corps Network

Methods Standardized and Integrated for

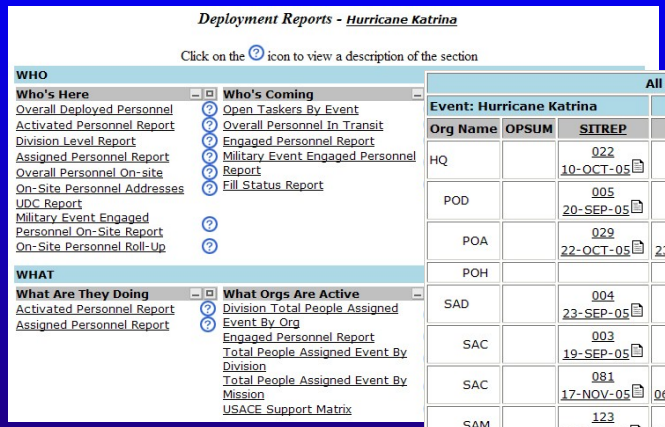
- Collecting, analyzing
- Forecasting, presenting

Reports Compiled from On-Site Data



ENGLink Provides

- Instant Reports
- Data Sharing
- Increased Mission Time
- Archive of Historical Data



Deployment Reports - Hurricane Katrina

Deployable Tactical Operating System

- DTOS
- Multi-Level National Emergency Response System
- Timely Tactical Support for CONUS and OCONUS Emergency Response Operations

Mission

Provide Platform For

- Tactical operations
- Communications in forward areas

Support Quick Ramp-Up of Initial Emergency Response Missions

DTOS Response Systems

Field and Mission Guides

ESF #3 Field Guide

Mission Guides:

- Debris
- Commodities
- Temp Housing
- Temp Roofing
- Emergency Power
- SSA
- QA Inspectors

ACI Contracts

ACI allows for immediate activation of contract support. Contracts are in place for power, commodities, debris removal and disposal, and temporary roofing.

To access current ACI Contracts, click the Top Picks tab…

Contracts
DEBRIS - ACI The Advanced Contracting Initiative (ACI) for debris removal, site management/debris reduction management has been awarded with an effective date of 1 December 2002. This is a Requirement/Indefinite delivery-indefinite quantity (IDIQ) contract. The Requirements portion of the contracts are a base and 4 optional one year ordering period with an optional IDIQ item under each one year ordering period. A total of 10 contracts were awarded by region. Below are the Government POC, as well as those contracts and the Contractor.
Contract Info POC
385-1-1 Safety and Health Requirements Manual
Debris Contract
1A - New Jersey/New York/Pennsylvania/New Hampshire/ Maine/Connecticut/Rhode Island/Massachusetts/Vermont/ Maryland/Delaware/District of Columbia/Virginia
Delegation of Contract Capacity and Authority 55KB
